MOVE è la risposta alle schermature orientabili che coniugano il concetto classico dei sistemi a bande verticali con il minimal design Everest Project. Il sistema MOVE prevede teli in poliestere ignifugo classe 1 da 127 mm, con profilo portante in lega di alluminio estruso verniciato bianco RAL9016 completo di vagonetti di trascinamento frizionati. Orientamento con azionamento a catenella e traslazione a corda.

MOVE represents the response for adjustable screening blinds which fuse the classic concept of vertical band systems with Everest Project minimal design.

The MOVE system includes 127 mm class 1 fireproof polyester blinds with extruded aluminium alloy profile RAL9016 white lacquered, complete with drag friction linkages. Movement governed by chain action and rope handling.

MOVE est la réponse aux protections orientables qui marie le concept classique des systèmes à bandes verticales avec le design minimaliste Everest Project.

Le système MOVE prévoit des toiles en polyester ignifuge de classe 1 de 127 mm, avec un profil portant en alliage d'aluminium extrudé verni blanc RAL9016 et des chariots d'entraînement frictionnés. Orientation par actionnement à chaînette et translation par cordon.

MOVE es la solución para las coberturas orientables que combinan el concepto clásico de los sistemas de bandas verticales con el diseño minimalista de Everest Project. El sistema MOVE incluye cortinas de poliéster ignífugo de clase 1 de 127 mm, con perfil portante en aleación de aluminio extruido pintado blanco RAL9016 dotado de carritos de arrastre con embrague. Orientación con accionamiento de cadenilla y traslación con cuerda.
